

# Kuungana Stage plot

Kuungana provides 1 head set mic for the bass player. We have one mbira mic that needs phantom power and one mbira mic that plugs into our direct box.

If extra mics are available for instruments use them at your discretion. Emphasize mid-range on sopranos and tenors and full range on bass and baritone. If there aren't enough mics or inputs, let's talk about options.

 Vocal mic

 Direct box for mbira pickup
